**Corrigendum-2 for Request for Information (RFI) for Conducting Proof of Concept (PoC) on "On-Premise Next Gen Perimeter Firewall (NGFW)"**

We would like to inform you that only those OEMs who actively participate directly or through their System Integrator(SI) in the current Proof of Concept (POC) RFI/IT/01/2024-25 Date:24th Feb2025 will be considered for future Request for Proposal (RFP) processes. This approach ensures alignment with our project goals and provides an equitable evaluation framework.

If you have any questions or require further clarification regarding the POC or its scope, please do not hesitate to reach out. We appreciate your cooperation and look forward to your valuable contributions.
